📖 Multiple copies of this eBook are owned by your library

Principles of Biochemistry provides a concise introduction to fundamental concepts of biochemistry, striking the right balance of rigor and detail between the encyclopedic volumes and the cursory overview texts available today. Widely praised for accuracy, currency, and clarity of exposition, the **Fifth Edition** offers a new student-friendly design, an enhanced visual program, new Application Boxes, contemporary research integrated throughout, and updated end-of-chapter problems.

Welcome

Welcome to St Anne's College Library! We are one of the largest College Libraries with over 100,000 volumes across two buildings and we are constantly developing our collection to ensure that it is up to date and relevant to your studies. We aim to provide core materials for all undergraduate and taught postgraduate courses that College offers, as well as holding a wealth of other interesting titles for wider reading.

This guide contains all the essential practical information you need to know about using the Library as well as linking to information provided by the Bodleian Libraries to support you in your studies and research.

The College Library is run by a friendly team of four librarians who are happy to assist you whenever they can - so please do come and ask one of us if you need help!

Opening Hours

Hartland House Library & the Tim Gardam Building are open **24/7 using your fob.**

Staff are also present at the following times:

During Term

Mon-Fri: 9:00-13:00; 14:00-17:00

If we are not at the staff desks we may be in our offices; Clare's office is on the first floor of Hartland House, opposite the Geldart Room. Sally, Duncan & Lizzie's offices are on the ground floor of the Tim Gardam Building. Come & find us if you need help!
